Organization Background

The mission of Painted Brain (PB) is to create lasting community-based solutions to mental health challenges and the impact of social injustice through arts, advocacy, and enterprise. Painted Brain is an innovative peer-run mental health art and tech-forward organization that uses a peer model focused on recovery. Painted Brain defines a peer as any person with lived mental health challenges and or trauma, including but not limited to social injustice, interpersonal violence, and/or societal exclusion. Our primary focus over the years has always been using the arts to help people learn to interact socially and effectively while experiencing the impacts of trauma, psychosis, depression, autism, anxiety, and other mental health experiences.

Summary:

Under the Program Manager, the Peer Facilitator/Trainer will be responsible for guiding Peers from underserved populations within the State of California through various types of training sessions related to the Psychiatric Advance Directives “PADs” contract needs and lead interactive activities both in-person and virtually to help prepare Peers to be effective in their recovery process. The Facilitator/Trainer may prepare Peers to be successful in training others through recovery processes. Additionally, the Facilitator will provide follow-up information and relevant resource to further learning post-training. The Peer Facilitator/Trainer will use problem-solving and adaptive skills to assess curriculum needs to adhere to diverse groups that are accessible to a variety of individuals. It is expected that the Peer Facilitator/Trainer can apply the curriculum that may be provided through a contract agreement as well as will prepare all material, perform training, and document training progress.
